Reminders and additional information

Event	Date	Cost
Walk around Worthing	WB: 14/01/19	NA
Mystery Trip to Ford	6 th and 7 th February	Approximately £5
Beach Clean Up	WB: 25/03/19	NA
Science Fair	WB: 11/02/19	NA
Parent Celebration	28/03/19	NA

You can support your child further by encouraging them to:

- Be prepared every day with their PE kit, reading record, reading book, homework folder, a named refillable water bottle and their lunch/snack for break time
- Complete their homework every week to the best of their abilities and check it for accuracy, especially grammar, punctuation and spelling (homework will be handed out and it is also always put up on the school website each week)
- Read daily (try to challenge your child to read a wider range of texts this term), use a dictionary to look up and note any unfamiliar vocabulary, and remind your child to fill in their Reading Record at home
- Use MyMaths to revise any areas of maths where your child needs further practice
- Research about different places around the world
- Look for the positives and negatives in the world around them
- Share their learning experiences with you
- Collect different materials around the home, e.g. plastic bottles etc

Year 5/6 – Spring 2019

Stunning Start – Children will be immersed in our new topic by learning about the artist Andy Goldsworthy. They will then work in teams to create their own sculpture from natural resources. In addition, they will be working together to create a MEGA MAP of our World.

Visits/Visitors – We will be taking a walk around Worthing to investigate our wonderful world. We will be embarking on a mystery trip to find out more about how to keep our world wonderful.

Fabulous finish – We will invite parents and carers in to see our exhibition of art and our learning journals. In addition we will be having a BIG debate.

The Big Picture – We will be exploring how our world has changed over time, with new discoveries and inventions and the impact of this upon our 'Wonderful World'.
