Year 1 - learning about the place value of numbers to 50. Can you partition the numbers into tens and ones?

Eg 36 is 3 tens and 6 ones

Year 2 - learning about how much a container holds (capacity). Please use a measuring jug to measure about different amounts of water and read the scale.

### Reading

Please could you continue to read with your child at least 3 times a week for around 15 minutes. Talk about the book and consider asking:

What has happened so far?

What do you think would happen next?

Are there any words you don't know the meaning of?

Which words stood out and why?

If you have any queries about homework please speak to your child's class teacher.

Thank you for your support and have a fantastic weekend.
