

Date set: Friday 2nd February 2018

Date due: Wednesday 7th February 2018

It is Science Week next week. Please could you make a scientists outfit which will be worn whilst they are experimenting. An adult white shirt with name on would be great or you are welcome to personalise it. These need to be in school on Monday 5th February. They will be worn over the top of the usual school uniform.

Spelling

Please complete the spelling task which has been set by your spelling/phonics teacher. Practise using 'read, cover, write and check' method. Challenge yourself to put the words into sentences.

Miss Evans/Mrs Parsons/ Mrs Budd oo/ee	Miss Barclay ea	Miss Squires words using contractions
moon	each	did not →
spoon	hear	would not →
feet	east	it is →
sheep	cheat	can not →
sleep	peach	Think of 3 more

English/Topic

This week we have continued to learn about how Earth has day and night and how our seasons change. Create a poster or leaflet about your favourite season or day and night, recording as many facts as you can. If you are really challenging yourself then you could create a leaflet about all of these things.

Maths

Please login to your MyMaths account and complete the tasks set.

In class we have been;

Year 1 - measuring and comparing the heights of objects using cubes; thinking carefully about the words we use when measuring and working out the difference.

Year 2 – learning how to divide by sharing into equal groups.

The tasks set may be linked to previous learning to see what the children have remembered.

If you have any queries about homework please speak to your child's class teacher.

Reading

Please could you continue to read with your child at least 3 times a week for around 15 minutes. Talk about the book and consider asking

What has happened so far?

What do you think would happen next?

Are there any words you don't know the meaning of?

Which words stood out and why?

Thank you for your support

Have a fantastic weekend
