

Dear Parents and Carers,

Innovate, the school catering company, have asked families who are self-isolating or ill for any length of time to update/cancel their meal choices as soon as possible to avoid unavoidable cost to you and excessive food wastage.

If parents want to cancel future meals, please can they email [primary@impactfood.co.uk](mailto:primary@impactfood.co.uk)

Innovate will only be able to cancel **future meals**, so if you are self-isolating from today they will cancel meals from tomorrow as long as they know by 5.00pm today.

Parents can cancel meals for next week onwards by logging into their Innovate account and making the changes before midnight on Saturday.

Thank you for your ongoing support
